

# Annual Retirement Statement

## WASHINGTON STATE DEPARTMENT OF RETIREMENT SYSTEMS

Dear Member:

This statement is a personal report of your contributions and service credit record with the retirement system shown above. Your retirement benefit will represent an important source of life-long income along with Social Security benefits (if eligible) and personal savings. Your future benefits are funded by contributions made by you and your employer, as well as the investment earnings from those contributions. At retirement, you will receive a benefit based on your length of service and compensation. To ensure the accuracy of your account:

**Verify your date of birth and mailing address.** Please report corrections to your payroll officer.

**Verify your service credit.** The summary below reflects service earned in this retirement system. You will receive a separate annual statement for service credit earned in another system.

**Check your contributions and interest.** The account balance summary below reflects the value of your account on the date shown. Please report corrections to your payroll officer.

To help you better understand your benefits, please see additional information on the back. ----->
